Impact Update: February 2022

Addressing Food Insecurity

Recent Statewide data shows a significant uptick in food insecurity. Since the onset of the pandemic, the Community Foundation has contributed significantly to combat this statewide trend by supporting many food programs. Starting this month, through a partnership with the Massachusetts Department of Housing and Community Development, the Community Foundation will grant $2.9 million from the CARES Act Community Development Block Grant (CDBG). Read on to learn more about the issue and our plans to address it.

So, what do we mean by capacity building?

Glad you asked! Capacity building is the investment in the effectiveness and future sustainability of a nonprofit. This can take the form of financial support, community building, mentoring, and resources to strengthen skillsets or infrastructure. Read our latest Creative SouthCoast blog to learn how the Community Foundation is putting that into practice with 13 local nonprofits.
